FIFTH WHEEL TOP PLATES

FW17 FIFTH WHEEL TOP PLATE

Using precision cast technology at SAF-HOLLAND's state-of-the-art foundry, the FW17 Series fifth wheel utilizes new thin walled steel casting and heat-treating processes. This technology provides exceptional performance and outstanding fatigue characteristics while delivering a fifth wheel that is lighter than comparable competitive products. The FW17 fifth wheel is the cost-effective, weight conscious choice for the on-highway fleet that wants distinctive performance.

The Cost Effective On-Highway Application Choice

- **Patented thin walled, cast steel top plate** provides optimum combination of durability and low weight
- **Patented release mechanism** utilizes lever arm design to minimize pull effort required, and provides automatic secondary lock to assure safe operation
- **User friendly lock adjustment system** makes the adjustment process simple and readily accessible
- **NoLube™ articulation pocket liners** provide smooth articulation with reduced maintenance.
- **E-Z Grip™ release handle** requires minimum pull effort and drop design protects handle from damage caused by kingpin during a missed couple

\$1,139⁹⁹ EA

Left hand top plate
PN: HLXA-171-A-L-P

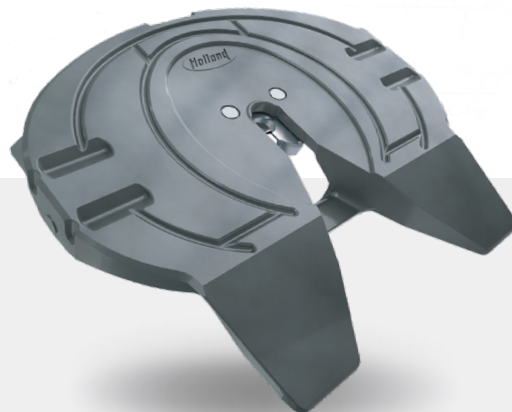

PRODUCT SPECIFICATIONS

Maximum vertical load – 50,000 lbs.
Maximum drawbar pull – 150,000 lbs.

FW35 FIFTH WHEEL TOP PLATE

- E-Z grip™ release handle
- Precision TwinLock™ mechanism
- Left hand top plate PN: HLXA-351-A-L-P **CALL FOR DETAILS**

YARD SPOTTER FIFTH WHEEL TOP PLATES

- With bracket pins
- Pre-installed air fittings
PN: HLXA-351-TT-2-P **\$2,799.99 EA**
- No air fittings PN: HLXA-351-TT-1-P **CALL FOR DETAILS**

FIFTH WHEEL TOP PLATES

- The industry's best defense against false coupling
- Superior fifth wheel technology self-adjusts for kingpin wear, giving you a snug secure connection
- Hassle-free switch from trailer to trailer
- Reduces shock inputs in the frame when braking and accelerating
- Extends the life of components, reduces maintenance costs
- 50,000 lbs. maximum vertical load
- 150,000 lbs. maximum drawbar pull
- Allow for delivery if not locally stocked

STANDARD-DUTY FIFTH WHEEL TOP PLATE, FABRICATED

TOP PLATE ONLY

- Stamped steel housing with No-Slack® lock
- On-highway **PN: FOSLTPL6000** **CALL FOR DETAILS**

COMPLETE ASSEMBLY

- Lightweight assembly available in 6.75" or 7.25" heights
- 24" slide travel
- 5-year warranty
- 6.75" **PN: FOSL6LWB675024** **\$1,799 EA**
- 7.25" **PN: FOSL6LWB725024** **CALL FOR DETAILS**
