Drive Savings

Save on maintenance, invest in performance

The CR Scotseal X-Treme seal offers exceptional performance in virtually all operating conditions.

SKF Seals

		Part Numbers	
	Application	XT	XTHD NEW
Steer	Tractor Seal, 12k LB	CR35058XT	CR35058XTHD
	Tractor Seal, 16k/20k LB	CR43761XT	CR43761XTHD
Drive	Tractor Seal, 34k LB	CR38776XT	—
	Tractor Seal, 38k/46k LB	CR47691XT	CR47691XTHD
	Tractor Seal, 40k/44k LB	CR42673XT	—
Trailer	Trailer Seal, TN	CR46300XT	—
	Trailer Seal, TP	CR42627XT	—

SKF Scotseal X-Treme HD

- Designed for **vocational** commercial vehicles
- Exceptional contamination protection
- Installs quickly and correctly by hand
- Advanced HNBRX material
- Secure seal positioning

Scotseal X-Treme HD

SKF Scotseal X-Treme

- Save on maintenance, invest in performance
- Advanced sealing materials
- Unitized design with four sealing lips
- Installs quickly and correctly by hand

ScotSeal X-Treme

SKF Hubcaps

CR1612

		Part Numbers		
Application	Composite Cap	Bolt Holes	Hole Size	Bolt Circle
Steer	CR1612 (Oil)	6	0.349	4.500
	CR1608 (Oil)	4	0.349	3.625
Trailer	CR1643 (Oil)	6	0.349	5.500-5.562

All hubcaps come with gasket and bolts

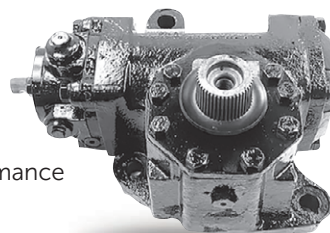

Steering Gears

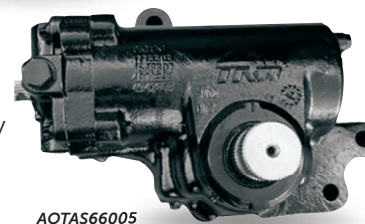

- Expertly remanufactured to restore original steering performance and responsiveness
- Built to meet or exceed OE specifications for consistent, reliable operation
- Precision-machined internal components help ensure smooth steering feel and control
- Enhanced sealing and component integrity support long-lasting durability

AOM100PCL - Heavy Duty Steering Gear (M100PCL Unit)

AOTAS66005 - Heavy Duty Steering Gear (TRW/Ross/Bendix Style Unit)

AOM100PCL

AOTAS66005

AO8800

Steering Gear Seal Kits

- Includes complete seal and O-ring set for steering gear rebuilds
- Helps eliminate power steering fluid leaks caused by worn seals
- Restores proper internal pressure and hydraulic performance
- Improves steering response by reducing play and performance lag

AO8800 - Steering Gear Seal Kit (Input Shaft / Rebuild Kit)

Tight Steering. True Tracking. Tough Parts.

Visit TruckPro.com or visit your local store to shop the industry's largest aftermarket inventory of heavy duty truck and trailer parts.

Tie Rods

RAR230068

- Restores precise steering & alignment
- Reduces play for tighter handling
- Greasable Design
Integrated Zerk fitting for lubrication
- Matched Pair System

RAR230068

Left-hand thread (roadside) - **\$39.99**

RAR230069

Right-hand thread (curbside) - **\$39.99**

Tie Rod Assemblies

VWQT967SS

- QWIKTIE™ tie rod assembly that improves suspension performance. With a firm design, this replacement kit helps reduce flex and movement within a suspension system, creating a more rigid base that boosts ride quality
- Crafted with premium materials to deliver a long-lasting service life

VWQT967SS QWIKTIE™

Steering King Pins

- No Ream Same Side Lock Flat King Pin Kit is engineered to the highest quality standards and provides matchless performance in your truck
- This heavy duty truck part is also made to withstand wear and tear on the steering knuckle and axle over the life of your truck
- All-inclusive testing to guarantee quality

KP500.621 - King Pin Kit, B Type,
1.794 in. Diameter, 10.400 in. Length - **\$399.99**

Steering King Pins

- Provides a consistent stream of lubrication to high-wear areas thanks to grooved no ream-steel bushings and pins
- Proprietary design lends to a quick and easy installation
- Locks contaminants out with lip seals

VWK961L - **\$499.99**

Euclid Torque Rods

- Deliver OE-quality durability, improved ride stability, and reduced maintenance costs by controlling axle movement and protecting critical suspension and drivetrain components

EUE-3277 - Adjustable Torque Arm 18 1/2 - 21 Center-to-Center

EUE2899P - Fixed Torque Arm 19 1/4 Center-to-Center

Atro Torque Rods

- High-quality, longer-lasting, cost-effective solution to problems with rubber bushing torque rod assemblies
- Atro's custom polyurethane ensures optimal performance because it is chemically resistant and stronger than rubber
- 3-year warranty

BXTR00-41009 - Adjustable - **\$199.99**

Pivot Bushing Kits

- Dampens the vibrations between two mechanical components, minimizing the wear and tear from daily operations
- Enhances a vehicle's handling and stability by reducing unwanted movement and play

HNS-24691 - **\$129.99** **HNS-26321** - **\$239.99**

Shock Absorbers

Hendrickson

- Made to withstand high torque level requirements on the mounting bolt
- Improves damping life, optimizes system performance, and reduces overall maintenance
- Specially designed to offer superior fit and functionality

HNS-24088 - \$39.99

Gabriel Ride Control

- Super-finished chrome piston rod ensures superior corrosion resistance, increased performance, and extended product life
- Unique hydraulic stop provides excellent system durability and inhibits shocks from topping out and suspension from over-extending, while also reducing fatigue on mounts, lights, and other vibration sensitive components
- End mount anti-corrosion coating inhibits rust and prevents bolt seizure to mounting sleeve

GW85000 - \$39.99

Monroe Magnum

- Charged with nitrogen gas to improve ride quality and handling
- Large 1-3/4" bore provides more efficient damping control to deliver a consistently smooth ride
- Provides exceptional control and isolates impact-related noise, vibration and ride harshness

MO65490 - \$49.99

Armada

- Tested to meet OEM standards for corrosion resistance and duty cycle
- Designed to absorb and dampen impact of shock impulse
- Premium performance delivers comfort, safety and overall stability

AR65419 - \$44.99

Smooth Ride

Leaf Springs

- Extensive selection – over 1,000 truck and 200 trailer springs available
- Utility trailer springs also available

LATRA-2727

Rear; 4 1/2 arch; 11,200 lbs - **\$149.99**

LATRA-2728

Front 3 5/8 arch; 11,200 lbs - **\$149.99**

Air Springs

- Best heat dissipation and flexibility in the market due to exclusively engineered rubber
- World-renowned OEM and development partner
- 2-year/200,000 mile warranty

- Rubber is nitrogen vulcanized for superior durability and airtight performance, unlike the lower-quality water method
- Advanced nitrogen vulcanization ensures superior durability and airtight performance under pressure

- Zero Maintenance Damping (ZMD) exclusive ride technology that eliminates shock absorbers from the maintenance equation by integrating the damping function traditionally performed by the shock within the air spring itself
- ZMD air springs exchange pressurized air between the bellows and the piston.
- This patented air spring provides uniform and consistent damping over the life of the air spring.

CV64645 - **\$124.99**

Z19978 - **\$109.99**

HNS-34733 - **\$169.99**

U-Bolts

Full selection of Grade 5 & Grade 8 U-Bolts available

TW361-218 - Single U-Bolt with Washer & Nuts; Round Bend Grade 5; 7/8" x 3" x 14 1/2" - **\$29.99**

TW361-350 - Single U-Bolt with Washer & Nuts; Round Bend Grade 8; 7/8" x 3" x 15 1/2" - **\$29.99**

Premium Metal Windshield Wiper Blades

Armada Part #	Length	Competitor Cross Reference Part #	Price
IWP-18	18"	WW31-18	\$5.49
IWP-20	20"	WW31-20	\$5.49
IWP-22	22"	WW31-22	\$5.49
IWP-24	24"	WW31-24	\$5.49

- 18"-24" sizes
- For all seasons
- Easy to fit
- Maximum visibility

Premium Beam Blade

- Superior Design: Made of high strength steel & high quality rubber
- Lasts longer & works better
- Durable for all seasons
- Smoother wipe, designed to adhere to the curved shape of windshield
- Won't rust over time

RJ830322 22" - \$16.99

Conventional Wiper Blades

Part #	Length	Price
RJRX30118	18"	\$7.99
RJRX30120	20"	\$8.99
RJRX30122	22"	\$9.99
RJRX30124	24"	\$9.99
